

VectorShift Website - QA Bug Report

URL Tested: <https://vectorshift.ai/> | Date of Testing: June 2026

Prepared by: Archana Devi

Severity Definitions

Severity	Definition
Critical	Heavy impact on core feature or page is completely broken or unusable for all/most users, no workaround exists, or incorrect data is shown on a live page. Must fix immediately before any release or demo.
High	Significant business or user impact - a major feature or primary CTA does not work as intended, or affects a large portion of users/pages, but a partial workaround may exist. Should be fixed before the next release.
Medium	Noticeable impact on usability, content, or presentation but the core flow is not blocked. Affects a limited area or a secondary feature. Should be fixed in an upcoming sprint.
Low	Minor visual, consistency or polish issue with minimal impact on functionality or business outcomes. Fix when time permits.

Test Environment

Website URL	https://vectorshift.ai/
Testing Period	June 2026
Browsers Tested	Google Chrome (Desktop) and Chrome for Android (Mobile)
Browser Versions	Chrome Version 149.0.7827.115, Chrome for Android 148.0.7778.215
Client Machines	Windows 11 Desktop, Android OS 15
Testing Type	Manual exploratory testing
Authentication	Not required - all bugs found on publicly accessible pages
Areas Covered	Homepage, Navigation/Request Demo flow, Research directory, Glossary, Company profile pages, Footer links, Mobile responsive views

VS-BUG-1 - "Request Demo" CTA Stops Working After Closing the Demo Form Once in Product, Use cases and Security Page

Severity: High

Priority: P1 - Fix Immediately

Bug Type: Functional

URL / Page: Product, Use cases and Security Pages - Navigation bar "Request Demo" button and footer "Request Demo" link

Browser Used: Google Chrome

Browser Version: Version 149.0.7827.115 (Official Build) (64-bit)

Repro Rate: 5/5

Client Machine: Windows 11 Desktop

Pre-conditions:

1. No login required
2. Navigate to any page on vectorshift.ai
3. Locate the "Request Demo" button in the navigation bar or footer

Steps to Reproduce:

1. Open <https://vectorshift.ai/>
2. Navigate to Product, Use case or Security Page
3. Click "Request Demo" in the navigation bar - a modal opens
4. Close the form/modal
5. Click "Request Demo" again (Nav Bar)
6. Observe the result
7. Repeat the same steps using the "Request Demo" link in the footer

Actual Result:

After the demo form is closed once, clicking "Request Demo" again (in the nav bar or footer) produces no response. the form does not reopen and no error is shown.

Expected Result:

The "Request Demo" button/link should reopen the form/modal every time it is clicked, regardless of how many times it has been opened and closed before and regardless of which page the user is on.

Test Case Type: Functional Testing / Regression

Screenshot / Video Attached: https://drive.google.com/file/d/1n3d45RYIexUmgXHv-b8-zq7Gm0DdFd-U/view?usp=drive_link

Logs Attached: No

Notes / Remarks: On the homepage specifically, the button continues to work correctly even after closing

VS-BUG-2 - Research Page Sort Controls (Newest First / Oldest First) Do Not Work

Severity: High

Priority: P1

Bug Type: Functional

URL / Page: <https://vectorshift.ai/research.html>

Browser Used: Google Chrome

Browser Version: Version 149.0.7827.115 (Official Build) (64-bit)

Repro Rate: 5/5

Client Machine: Windows 11 Desktop

Pre-conditions:

1. No login required

Steps to Reproduce:

1. Open <https://vectorshift.ai/>
2. Scroll to the footer and click "Resources"
3. Click "Browse all research"
4. Note the current order of research items
5. Change the Sort dropdown to "Oldest first"
6. Observe the order of results
7. Change it back to "Newest first"
8. Observe the order of results again

Actual Result:

Changing the Sort dropdown between "Newest first" and "Oldest first" has no visible effect.

Expected Result:

Selecting "Newest first" should order all research items by date in descending order (most recent first). Selecting "Oldest first" should reverse this order, with the oldest items appearing first.

Test Case Type: Functional Testing

Screenshot/Video Attached: https://drive.google.com/file/d/1T8upQ-Nycd6mkBAvAwETYcljKaMtik6N/view?usp=drive_link

Logs Attached: No

VS-BUG-3 - Glossary Search Bar Does Not Return Results for Term Searches (Only Category Filter Works)

Severity: High

Priority: P1

Bug Type: Functional

URL / Page: <https://vectorshift.ai/glossary.html>

Browser Used: Google Chrome

Browser Version: Version 149.0.7827.115 (Official Build) (64-bit)

Repro Rate: 5/5

Client Machine: Windows 11 Desktop

Pre-conditions:

1. No login required

Steps to Reproduce:

1. Open <https://vectorshift.ai/>
2. Scroll to the footer and click "Resources"
3. Click "Open the Glossary"
4. Click the A-Z sort option
5. In the search bar, type the name of any glossary term
6. Observe the results

Actual Result:

Typing a term name into the search bar after applying A-Z sort returns no matching results

Expected Result:

Search should work consistently regardless of which sort order is active.

Test Case Type: Functional Testing

Screenshot / Video Attached: https://drive.google.com/file/d/1SDcOrMD-IOIBZyr68ltkHJaJIpDBd7RU/view?usp=drive_link

Logs Attached: No

Notes / Remarks:

The search works fine when the sorting is changed to "By Category"

VS-BUG-4 - Research Page Search Box Does Not Filter Results - Always Shows "All Research (631 Pages)"

Severity: Medium

Priority: P1

Bug Type: Functional

URL / Page: <https://vectorshift.ai/research.html>

Browser Used: Google Chrome

Browser Version: Version 149.0.7827.115 (Official Build) (64-bit)

Repro Rate: 5/5

Client Machine: Windows 11 Desktop

Pre-conditions:

1. No login required

Steps to Reproduce:

1. Open <https://vectorshift.ai/>
2. Scroll to the footer and click "Resources"
3. Click "Browse all research"
4. Note the heading shows "All research (631 pages)" or similar
5. Type a specific search term into the search box
6. Wait for results to update
7. Observe the heading and the displayed results

Actual Result:

After typing a search term, the page still displays "All research (631 pages)". The search term has no effect on the total count.

Expected Result:

Typing a search term should filter the research results and the heading/count should update to reflect the filtered result count (e.g. "Results for "Evercore" (24 pages)

Test Case Type: Functional Testing

Screenshot / Video Attached: https://drive.google.com/file/d/153pgDxbcT9-Squbf1WOV7tUblu3qcw dv/view?usp=drive_link

Logs Attached: No

VS-BUG-5 - Empty/Invisible Links in Footer Redirect to Pages When Clicked Near List Items

Severity: Low

Priority: P2

Bug Type: UI

URL / Page: <https://vectorshift.ai/>

Browser Used: Google Chrome

Browser Version: Version 149.0.7827.115 (Official Build) (64-bit)

Repro Rate: 5/5

Client Machine: Windows 11 Desktop

Pre-conditions:

1. No login required
2. Scroll to the footer of any page

Steps to Reproduce:

1. Open <https://vectorshift.ai/>

2. Scroll to the footer
3. Click in the blank/empty space directly next to or around a footer list item (not on the text itself)
4. Observe that the page navigates to a destination, even though nothing visible was clicked

Actual Result:

Clicking on empty whitespace near footer list items causes the browser to navigate to a page, as if an invisible link element extends beyond the visible text into the surrounding empty space.

Expected Result:

Clickable areas (link hitboxes) should be limited to the visible text or button element. Empty space around a list item should not be clickable.

Test Case Type: Exploratory Testing

Screenshot / Video Attached:

https://drive.google.com/file/d/1y4oE05mu2zeWYvVNt4aUBc_TCpo3Xhh4/view?usp=drive_link

Logs Attached: No

VS-BUG-6 - "Request Demo" on Companies page Redirects to Login Page Instead of Demo Form

Severity: High

Priority: P1

Bug Type: Functional

URL / Page: <https://vectorshift.ai/research/companies.html>

Browser Used: Google Chrome

Browser Version: Version 149.0.7827.115 (Official Build) (64-bit)

Repro Rate: 5/5

Client Machine: Windows 11 Desktop

Pre-conditions:

1. No login required

Steps to Reproduce:

1. Open <https://vectorshift.ai/>
2. Navigate to Footer. Under Research click Companies
3. Scroll down the page to locate a "Request Demo" Link
4. Click "Request Demo"
5. Observe the resulting page

Actual Result:

Clicking "Request Demo" on the companies page redirects the browser to the login page at app.vectorshift.ai

Expected Result:

Clicking “Request Demo” should open the same demo request form/modal used in Home Page

Test Case Type: Functional Testing

Screenshot / Video Attached:

https://drive.google.com/file/d/1BE6dWvkwbSGJb7QkxPwl0M2fSzhK9aiz/view?usp=drive_link

Logs Attached: No

VS-BUG-7 — *Company Overview Description Text Truncated Mid-Sentence on Company Profile Pages*

Severity: Medium

Priority: P2

Bug Type: UI

URL / Page: <https://vectorshift.ai/research/companies/evercore.html>

Browser Used: Google Chrome

Browser Version: Version 149.0.7827.115 (Official Build) (64-bit)

Repro Rate: 5/5

Client Machine: Windows 11 Desktop

Pre-conditions:

1. No login required
2. Navigate to Research > Companies and open any company's overview page

Steps to Reproduce:

1. Open <https://vectorshift.ai/>
2. Navigate to Research -> Companies
3. Open any individual company's overview page
4. Read the company description paragraph at the top of the page
5. Note where the text ends
6. Repeat by opening 2-3 other company profile pages and checking their descriptions

Actual Result:

The description text is cut off abruptly mid-word or mid-sentence with no ellipsis and no “Read more”/expand control. This pattern repeats across multiple company profile pages.

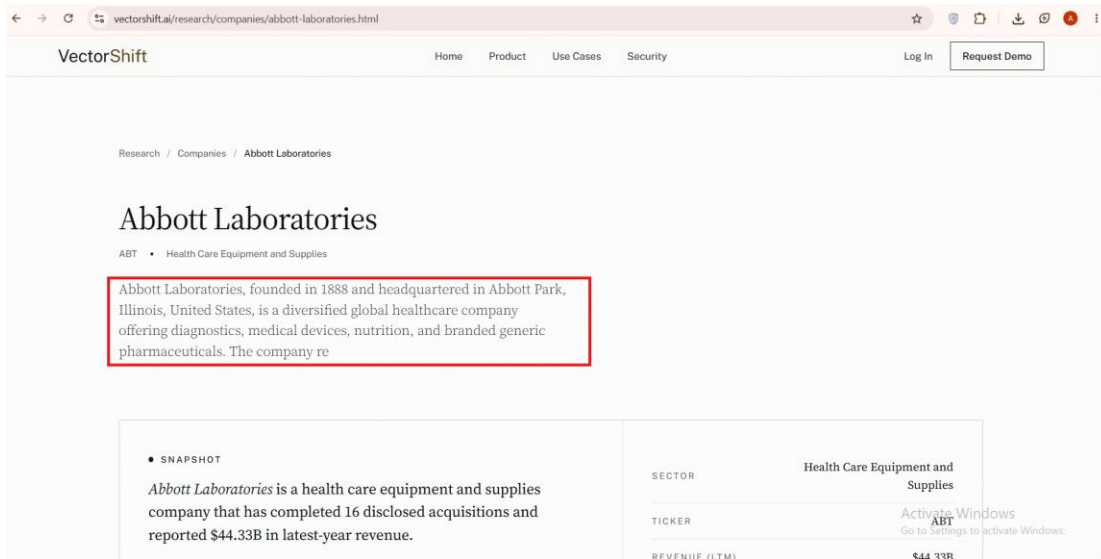

Expected Result:

The description should either display in full or be cleanly truncated with an ellipsis followed by a “Read more” link/button that expands the text or links to a page with the full description.

Test Case Type: Exploratory Testing / Regression

Screenshot / Video Attached: Yes

Logs Attached: No

VS-BUG-8 — [Android] Mobile Navigation Menu Missing Even in Desktop Mode (Home, Product, Use Cases, Security Not Visible)

Severity: High

Priority: P1

Bug Type: UI

URL / Page: <https://vectorshift.ai/>

Browser Used: Chrome for Android

Browser Version: 148.0.7778.215

Repro Rate: 5/5

Client Machine: Android smartphone (Chrome mobile browser)

Pre-conditions:

1. Use a mobile device with Chrome browser
2. No login required

Steps to Reproduce:

1. Open <https://vectorshift.ai/> in Chrome on an Android phone
2. Observe the top navigation bar
3. Note that Home, Product, Use Cases, Security and Resources links are missing, and there is no hamburger/menu icon
4. Open the browser menu and enable "Desktop site"
5. Reload the page
6. Observe the navigation bar again

Actual Result:

Only the VectorShift logo and the “Request Demo” button are shown in the header. There is no hamburger menu icon and no way to access Home, Product, Use Cases, Security or Resources from the navigation bar.

Expected Result:

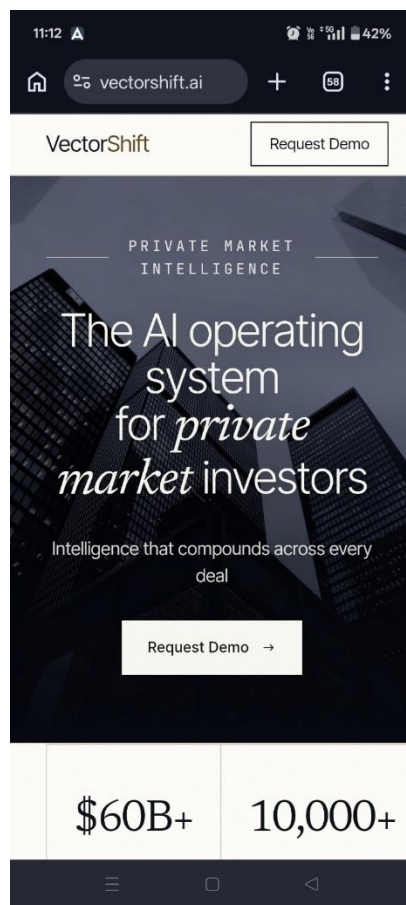

On mobile, a hamburger menu icon should be present and, when tapped, should expand to reveal all navigation links (Home, Product, Use Cases, Security, Resources). Alternatively, enabling “Desktop site” mode should render the full desktop navigation bar identical to what is seen on a desktop browser.

Test Case Type: Exploratory Testing

Screenshot / Video Attached: Yes

Logs Attached: No

Notes / Remarks: Enabling “Desktop site” mode and reloading does not restore the full navigation - the same minimal header persists.

VS-BUG-9 — [Android] Related Deals & Entities Card Doesn't Renders within the card boundaries

Severity: Medium

Priority: P2

Bug Type: UI

URL / Page: <https://vectorshift.ai/research/deals/abbott-laboratories-advanced-medical-optics-2009.html>

Browser Used: Chrome for Android

Browser Version: 148.0.7778.215

Repro Rate: 5/5

Client Machine: Android smartphone (Chrome mobile browser)

Pre-conditions:

1. No login required

Steps to Reproduce:

1. Open <https://vectorshift.ai/>
2. Navigate to Footer. Click Research
3. Click Browse All Research
4. Select Deals from the Filter
5. Open the Abbott Laboratories
6. Scroll down to the "Related deals & entities" section
7. Observe the two "Related Deal" cards displayed side by side

Actual Result:

The "Related Deal" cards overlap each other in the "Related deals & entities" section.

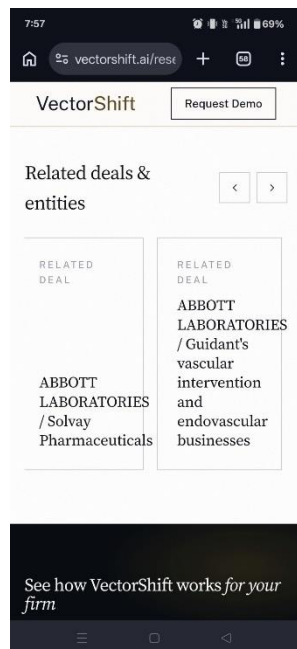

Expected Result:

All content associated with each "Related Deal" card should be fully contained within its card boundaries, properly aligned without any Overlapping

Test Case Type: Exploratory Testing

Screenshot / Video Attached: Yes

Logs Attached: No

VS-BUG-10 – [Android] Financials, Leadership & Board Member Names and Titles Truncated on Company Leadership Page

Severity: Medium

Priority: P2

Bug Type: UI

URL / Page: <https://vectorshift.ai/research/companies/abbott-laboratories.html>

Browser Used: Chrome for Android

Browser Version: 148.0.7778.215

Repro Rate: 5/5

Client Machine: Android smartphone (Chrome mobile browser)

Pre-conditions:

1. No login required

Steps to Reproduce:

Scenario 1:

1. Open <https://vectorshift.ai/>
2. Navigate to Footer. Under Research click companies
3. Open a company's "Leadership & board" page on a mobile browser
4. Scroll past the summary paragraph to the list of individual leaders
5. Observe the name shown for each leader card (e.g. Chairman, Director)

Scenario 2:

1. Open <https://vectorshift.ai/>
2. Navigate to Footer. Under Research click companies
3. Open a company's Financials
4. Observe the Each row.

Actual Result:

Individual leader names and Financials are truncated to short fragments

Expected Result:

Full names of board members and executives should be visible. The Financial row should show all the details without any truncation.

Test Case Type: Exploratory Testing

Screenshot / Video Attached: Yes

Logs Attached: No

Notes / Remarks: The role/title below each name (e.g. "Chairman", "Director") displays correctly and is not truncated.
